

ISO 37301 Lead Auditor Course

Course Duration: 40 Hrs.

Course Code: ISO37301-LA

Course Overview

The ISO 37301 Lead Auditor Course is designed to provide participants with the knowledge and skills to plan, conduct, report, and follow up on audits of compliance management systems based on ISO 37301. The course equips professionals to evaluate an organization's adherence to compliance requirements, identify gaps, and provide actionable recommendations for continual improvement.

What you'll learn?

Participants will learn how to perform effective audits in accordance with ISO 37301 standards, including audit planning, execution, reporting, and follow-up. The course covers audit techniques, risk-based auditing approaches, identifying non-conformities, and providing recommendations to enhance compliance management systems.

Target Audience

This course is intended for compliance managers, internal auditors, external auditors, quality managers, legal advisors, and professionals responsible for auditing or managing compliance management systems within their organizations. It is also suitable for individuals seeking to build a career in compliance auditing.

Pre-Requisites

Participants are expected to have a basic understanding of compliance management systems and auditing principles. Prior experience in auditing or

knowledge of ISO management system standards is recommended but not mandatory.
