

ISO/IEC 27701 Lead Auditor Course

Course Duration: 40 Hrs.

Course Code: ISO27701-LA

Course Overview

The ISO/IEC 27701 Lead Auditor Course is designed to equip participants with the knowledge and skills required to plan, conduct, and manage audits of a Privacy Information Management System (PIMS) in accordance with ISO/IEC 27701 requirements and ISO 19011 guidelines. The course emphasizes evaluating privacy controls, ensuring compliance with data protection regulations, and promoting continual improvement in the management of personal data.

What you'll learn?

Participants will learn how to interpret ISO/IEC 27701 requirements in the context of an audit, apply auditing principles and techniques, plan and execute PIMS audits, and report findings effectively. They will gain expertise in identifying nonconformities, recommending corrective actions, and leading audit teams to ensure data privacy, regulatory compliance, and organizational accountability.

Target Audience

This course is intended for data protection officers, privacy managers, IT auditors, compliance officers, consultants, and professionals responsible for auditing or managing personal data protection systems. It is also suitable for individuals seeking to become certified ISO/IEC 27701 Lead Auditors or strengthen their expertise in privacy management auditing.

Pre-Requisites

Participants are recommended to have a basic understanding of ISO/IEC 27701, ISO/IEC 27001, data privacy concepts, or prior auditing experience. Completion of a foundation-level ISO/IEC 27701 or ISO/IEC 27001 course is beneficial but not mandatory.
