

# ISO 9001 QMS Internal Auditor Course

**Course Duration: 24 Hrs.**

**Course Code: ISO9001-IA**

## Course Overview

The ISO 9001 QMS Internal Auditor Training Course is designed to equip participants with the knowledge and practical skills required to conduct effective internal audits of a Quality Management System (QMS) in compliance with ISO 9001 standards. The course emphasizes auditing principles, process evaluation, and continual improvement to enhance organizational quality performance.

## What you'll learn?

Participants will learn how to interpret ISO 9001 requirements in the context of internal audits, apply auditing techniques, plan and execute audits, gather evidence, and report findings. They will gain expertise in identifying nonconformities, recommending corrective actions, and supporting management in improving QMS effectiveness.

## Target Audience

This course is intended for quality managers, internal auditors, process owners, team leaders, and professionals responsible for conducting or supporting internal audits of a QMS. It is also suitable for individuals seeking to strengthen their auditing skills or prepare for advanced ISO 9001 auditor certifications.

## Pre-Requisites

Participants are recommended to have a basic understanding of ISO 9001 standards, quality management principles, or organizational processes. Prior experience in auditing or quality management is beneficial but not mandatory.

## Course Content

**Module 1:** Introduction to ISO 9001 and QMS fundamentals

**Module 2:** Principles of auditing and ISO 19011 guidelines

**Module 3:** Planning and preparing for internal audits

**Module 4:** Conducting audits and gathering evidence

**Module 5:** Identifying nonconformities and evaluating processes

**Module 6:** Reporting audit findings and recommending corrective actions

**Module 7:** Monitoring, review, and continual improvement of QMS

**Module 8:** Practical exercises, case studies, and audit simulations
