

# ISO/PAS 45005:2020 (OH&S) Management Course

**Course Duration: 8 Hrs.**

**Course Code: ISO45005-OHS**

## Course Overview

The ISO/PAS 45005:2020 (OH&S) Management Course is designed to provide participants with a comprehensive understanding of occupational health and safety management in the context of pandemics and other crises. It focuses on the guidelines for safe working practices during COVID-19 and similar disruptions, helping organizations to protect their workforce, maintain resilience, and ensure compliance with health and safety standards.

## What you'll learn?

Participants will learn how to interpret and apply the requirements of ISO/PAS 45005:2020, establish effective workplace risk management strategies, and develop protocols to safeguard employee health and wellbeing. The course also covers crisis preparedness, response, and recovery, enabling professionals to adapt OH&S management systems to uncertain and challenging circumstances.

## Target Audience

This course is intended for OH&S managers, compliance officers, HR professionals, business continuity managers, consultants, and anyone responsible for implementing or maintaining occupational health and safety systems, especially in high-risk or crisis situations.

## Pre-Requisites

A basic knowledge of occupational health and safety principles is recommended. Prior exposure to ISO management system standards or OH&S management practices will be beneficial but not mandatory.
