

Management Accounting in SAP S/4HANA – Academy Part I

Course Duration: 40 Hours

Course Code: TS4F03

1. Course Overview

The **TS4F03 – Management Accounting in SAP S/4HANA: Academy Part I** course provides a comprehensive introduction to the configuration and application of management accounting processes in SAP S/4HANA. It is designed for learners aiming to understand how cost accounting and internal reporting are supported through the SAP Controlling (CO) module. This course focuses on key functionalities such as cost element accounting, cost center accounting, internal orders, and product cost planning, while emphasizing the innovations available in SAP S/4HANA.

2. What You'll Learn

- Key concepts of **Management Accounting (CO)** in SAP S/4HANA.
- Configuration and use of cost element and cost center accounting.
- Setting up and managing internal orders for cost tracking.
- Product cost planning and actual costing basics.
- Integration of CO with other modules like FI, MM, and PP.
- How SAP Fiori applications support management accounting.

3. Target Audience

- Application consultants in management accounting.
- Business process owners and team members in controlling.

- Project team members involved in SAP S/4HANA implementations.
- Learners pursuing SAP S/4HANA certification in Management Accounting.

4. Pre-Requisites

- Basic knowledge of business processes in Management Accounting.
- Recommended: Completion of **TS410 – Integrated Business Processes in SAP S/4HANA**.
