

# MB-800T00: Microsoft Dynamics 365 Business Central Functional Consultant

**Course Duration: 40 Hours**

**Course code: MB-800T00**

## 1. Course Overview

The MB-800T00: Microsoft Dynamics 365 Business Central Functional Consultant course equips learners with the skills to configure and implement Microsoft Dynamics 365 Business Central for small and medium-sized businesses. This course covers key business processes, including finance, sales, purchasing, and inventory, enabling participants to support organizations in streamlining operations and improving productivity. Through hands-on labs and real-world scenarios, you will learn to tailor Business Central to meet specific business needs.

## 2. What you'll learn?

By the end of this course, you will be able to:

- Understand the core functionalities and modules of Dynamics 365 Business Central.
- Configure Business Central for various business processes.
- Set up and manage financials, sales, purchasing, and inventory.
- Perform data migration to Business Central.
- Implement security, permissions, and role centers.
- Customize Business Central using extensions and personalization.

## 3. Target Audience

This course is ideal for:

- Functional consultants who configure Business Central.
- Business owners or decision-makers evaluating Dynamics 365 solutions.

- Professionals working in finance, supply chain, or operations.
- IT professionals implementing ERP solutions.

## 4. Pre-Requisites

Learners should have:

- A fundamental understanding of business processes such as finance, sales, purchasing, and inventory management.
- Basic knowledge of ERP and CRM concepts.
- Familiarity with Microsoft 365 applications is beneficial.
