

# ISO 31000 Foundation Course

**Course Duration: 40 Hrs.**

**Course Code: ISO31000-FND**

## Course Overview

The ISO 31000 Foundation Course provides participants with an introduction to Risk Management principles and frameworks based on ISO 31000. This course covers the key concepts, structure, and benefits of implementing a risk management system, enabling organizations to identify, assess, and mitigate risks effectively.

## What You'll Learn?

In this course, you will learn the fundamentals of risk management, the key clauses and principles of ISO 31000, risk assessment techniques, and how organizations can integrate risk management into their business processes to enhance decision-making and resilience.

## Target Audience

This course is suitable for risk managers, compliance officers, auditors, managers, consultants, and anyone interested in understanding the basics of risk management and ISO 31000 principles.

## Pre-Requisites

There are no formal prerequisites; however, basic knowledge of organizational processes, management systems, or risk concepts will be helpful.
