

ISO 37001 Introduction Course

Course Duration: 8 Hrs.

Course Code: ISO37001-INT

Course Overview

The ISO 37001 Introduction Course provides participants with a fundamental understanding of the Anti-Bribery Management System (ABMS) as defined by the ISO 37001 standard. It introduces the key principles, objectives, and benefits of implementing an ABMS, helping organizations prevent, detect, and respond effectively to bribery risks. This course serves as an entry point for professionals looking to build awareness of anti-bribery measures and compliance requirements.

What you'll learn?

In this course, learners will explore the purpose and structure of ISO 37001, its role in strengthening ethical business practices, and the steps involved in implementing an Anti-Bribery Management System. They will also understand how ISO 37001 supports regulatory compliance, enhances reputation, and fosters a culture of transparency and integrity.

Target Audience

The course is designed for individuals new to anti-bribery standards, compliance officers, managers, employees, consultants, and anyone interested in learning the basics of ISO 37001 and its significance in ethical business conduct.

Pre-Requisites

No formal prerequisites are required for this course. However, a basic

understanding of compliance, governance, or corporate ethics will be beneficial for participants.
