

ISO 37301 Foundation Course

Course Duration: 16 Hrs.

Course Code: ISO37301-FND

Course Overview

The ISO 37301 Foundation Course provides participants with an introduction to Compliance Management Systems (CMS) based on ISO 37301. This course covers the key concepts, structure, and benefits of implementing a CMS, enabling organizations to achieve compliance with laws, regulations, and internal policies.

What You'll Learn?

In this course, you will learn the fundamentals of compliance management, the structure and clauses of ISO 37301, risk assessment approaches, and how organizations can establish policies and controls to ensure adherence to legal and regulatory requirements.

Target Audience

This course is suitable for compliance officers, auditors, managers, employees at all levels, and anyone interested in understanding compliance management systems and promoting ethical practices in organizations.

Pre-Requisites

There are no formal prerequisites; however, basic knowledge of management systems, legal frameworks, or organizational compliance practices is beneficial.
