

# ISO 37301 Introduction Course

**Course Duration: 8 Hrs.**

**Course Code: ISO37301-INT**

## Course Overview

The ISO 37301 Introduction Course provides participants with a basic understanding of Compliance Management Systems (CMS) based on ISO 37301. This course introduces the core principles, structure, and benefits of establishing a compliance framework to help organizations meet legal, regulatory, and internal policy requirements.

## What You'll Learn?

In this course, you will learn the fundamental concepts of compliance management, key clauses of ISO 37301, the role of policies and controls, and how organizations can promote ethical practices and adherence to applicable regulations.

## Target Audience

This course is ideal for beginners, employees, compliance team members, managers, auditors, and anyone seeking foundational knowledge of compliance management systems.

## Pre-Requisites

There are no formal prerequisites; however, a basic understanding of organizational processes or regulatory requirements will be helpful.
