

# ISO 38500 Foundation Course

**Course Duration: 16 Hrs.**

**Course Code: ISO38500-FND**

## Course Overview

The ISO 38500 Foundation Course provides participants with an introduction to Corporate Governance of Information Technology (IT) based on ISO 38500. This course covers the key principles, framework, and benefits of IT governance, enabling organizations to align IT strategies with business objectives and improve decision-making.

## What You'll Learn?

In this course, you will learn the fundamentals of IT governance, the structure and principles of ISO 38500, the roles and responsibilities of governing bodies, and how organizations can ensure effective, responsible, and sustainable use of IT resources.

## Target Audience

This course is ideal for IT managers, executives, compliance officers, auditors, project managers, and anyone interested in understanding the basics of IT governance and ISO 38500.

## Pre-Requisites

There are no formal prerequisites; however, familiarity with organizational IT processes or management systems will be helpful.
