

# ISO 50001 Foundation Course

**Course Duration: 16 Hrs.**

**Course Code: ISO50001-FND**

## Course Overview

The ISO 50001 Foundation Course provides participants with a clear understanding of the basic concepts and principles of Energy Management Systems (EnMS) based on ISO 50001. This course introduces the structure, requirements, and benefits of ISO 50001, helping organizations and professionals enhance energy efficiency and support sustainable practices.

## What You'll Learn?

In this course, you will learn the fundamentals of ISO 50001, including key clauses, energy management principles, the benefits of implementing an EnMS, and the roles of personnel in supporting effective energy management within an organization.

## Target Audience

This course is ideal for employees, energy team members, quality and compliance staff, sustainability professionals, and anyone interested in gaining awareness of energy management systems.

## Pre-Requisites

There are no specific prerequisites for this course; however, having a basic understanding of organizational processes or energy usage will be helpful.

## Course Content
