

# ISO/IEC 27701 Lead Implementer Course

**Course Duration: 40 Hrs.**

**Course Code: ISO27701LI**

## Course Overview

The ISO/IEC 27701 Lead Implementer Course provides participants with in-depth knowledge and practical expertise to establish, implement, manage, and maintain a Privacy Information Management System (PIMS) based on ISO/IEC 27701. This course is designed to equip learners with the skills required to ensure compliance with data protection regulations and to enhance the privacy framework of organizations.

## What you'll learn?

In this course, you will learn how to interpret ISO/IEC 27701 requirements, integrate privacy controls with ISO/IEC 27001 and ISO/IEC 27002 frameworks, and implement effective policies and procedures for privacy information management. You will also gain insights into risk assessment, continual improvement, and ensuring compliance with global data privacy laws such as GDPR.

## Target Audience

This course is intended for data protection officers, information security professionals, privacy consultants, compliance managers, and individuals seeking to develop the skills to lead the implementation of privacy information management systems within their organizations.

## Pre-Requisites

A fundamental understanding of ISO/IEC 27001 and data protection principles

is recommended before attending this course. Prior experience in information security management or privacy frameworks will also be beneficial for participants.

## Course Content

**Module 1:** Introduction to ISO/IEC 27701 and the relationship with ISO/IEC 27001 and ISO/IEC 27002

**Module 2:** Privacy Information Management System (PIMS) requirements and structure

**Module 3:** Planning and implementing privacy-specific controls and policies

**Module 4:** Risk management and compliance with data protection regulations (GDPR and others)

**Module 5:** Documentation requirements and best practices for effective implementation

**Module 6:** Monitoring, measurement, internal audits, and continual improvement

**Module 7:** Preparation for certification audits and maintaining PIMS
